

DecorEDGE

DECOREEDGE is an alternative to the existing tools which gives an affordable, durable and striking touch to your prints, pictures and posters on MDF. Catch the attention from the edge till the picture with these 9 FRESH COLORS and 2 more WOOD TEXTURES, plus SILVER and GOLD.

DECOREEDGE applies a thin foil of thermal tape, which melts with heat on the edge of the previously mounted or laminated artwork.

DECOREEDGE is also a beveller, so you can finish your artwork with straight or beveled edges in colors.

DECOREEDGE is an affordable, useful and from now on an essential tool in your workshop.

72 93 01 EDGE MILLING TOOL

Voltage220 / 230 V
Hz50 Hz / 1 phase
Milling tool power500 W
Rpm27000 rpm
Maximum width of the board35 mm
Maximum thickness of the chamfer5 mm
Weight27 Kg
Machine sizes80 x 53,5 x 54 cm
Dust collector power1000 W

72 93 04 EDGE DECOR TOOL

Voltage220 / 230 V
Hz50 Hz / 1 phase
Advance speed4 m / min
Temperature (°C)From 220° to 230° C
Maximum thickness tape25 mm
Maximum thickness board22 mm
Gross weight105 Kg
Machine sizes81 x 58 x 116 cm
SubstratesMDF, Acrylic

TRANSFER TAPE

12 90 01	Transfer tape White25 mm x 305 m
12 90 03	Transfer tape Black25 mm x 305 m
